

Announcement of the Board of Wrocław Contemporary Museum

During the meeting of 29 October, 2016, the Board gave a positive opinion on the implementation of MWW's plan for 2015 and approved the Museum's plan for 2017.

It was received with great anxiety that the Organiser has not yet disclosed the intentions concerning the future of Wrocław Contemporary Museum – an institution that throughout several years of its intensive functioning has managed to become an integral part of the cultural landscape of Wrocław and Poland by carrying out equally successful local and international projects. Thanks to the huge effort, professionalism and involvement of Director Dorota Monkiewicz and the entire team, an institution with distinctive and original character has been built, which consistently amasses one of four international collections of contemporary art in Poland.

Since neither the procedure and schedule nor the criteria for choosing the director and competition jury are known, the Board concurred with the opinion of the AICA members and representatives of the Academy of Fine Arts and Design in Wrocław to hold in the nearest future a debate titled *Wrocław Contemporary Museum – Five Years. What Is Next?* and invite representatives of artistic milieus and of the organiser to participate in it alongside activists and inhabitants of Wrocław.
